What is the Transition Class?

Will your four-year old by five by September 1st? Are you thinking about giving your child an extra year to grow and mature before entering kindergarten in the public school system? Maybe *you* aren't quite ready for your child to go off to kindergarten for a full day; then the CEC Transition class may be for you.

The Child Enrichment Center offers a five-day Transition class that meets Monday through Friday. The hours are as follows:

Monday, Friday 9:00—Noon Lunch Bunch Optional Tuesday, Wednesday, Thursday 9:00—2:30p.m.

CEC uses the *A Beka* kindergarten curriculum to teach letters, reading, science, social studies and math. Children in the Transition class enjoy a very structured but fun day of academic instruction. The Transition class participates in music on Tuesday afternoons and movement on Wednesday afternoon. The five-day program provides each child an opportunity to receive individual attention.

Pleases stop by or call the CEC office if you have any questions about the Transition class or would like to visit the classroom.
